

HAPPY HOLIDAYS FROM JON AND MARY CAROL

Here are a few of the highlights of our 2010. Jon continues to work for Autodesk, and Mary Carol is still thrilled to be working in her own Studio with its miniscule commute, We hope this finds you in good health, surrounded by those who love you. May 2011 be a great year for all of us.

& Jon*

Vacation in Yellowstone

Bike ride through Washington, Idaho, and Montana - where Mary Carol conquered her first mountain pass, ... in the rain ... on gravel!

Nate & Kysta bought their first house

Fourth of July with Jon's cousins, the Fechts.

We finished the wine cellar, and started some Orange wine from a bumper crop on our own tree!

We had lots of dinners with lots of friends, including celebrating Mozart's birthday, Hawaiian Luaus, Thanksgiving at Nate & Krysta's new house, and camping with English TransAm cyclist, Stuart.

Mary Carol's nephews, Nate & Toby, and sister Anne came to visit.
